

# PTS Time Server

## High-precision Time Servers

- GPS, BDS, GLONASS, IRIG-B, PTP etc., can be used as time source
- TCXO, OCXO or Rubidium features
- Safety and reliable multiple source selection algorithm
- 1PPS/1PPM/1PPH output
- IRIG-B-DC/AC output
- Idle Contact time output
- 1PPS+TOD time output
- RS-232/485 serial port output
- NTP/SNTP output
- PTP V2 output
- Screen display(3U-Touch Screen/1U-LCD Screen)
- Monitoring(IEC61850/IEC60870/DNP/SNMP)
- Alarm contact output
- Dual power supplies

## ➤ Overview

Time server supports high precision reference clock, which can be synchronized to absolute time such as GPS or BDS (Beidou Satellite System), GLONASS. It also supports OCXO or Rubidium. Time server offers more time signals and interfaces for the system or device which need time scale. At the same time, time server supports time status monitor and time management by IEC 61850, IEC60870, DNP and SNMP.

## ➤ Software Functions

### High Precision Time Accuracy

Multiple time sources automatic selection  
Time coding format consistency  
No time output signals at initial status  
Time adjustment step up to 200ns/s  
Leap second indicator and adjustment  
Time source bump detection  
Monitoring by IEC 61850,104, SNMP  
Ethernet port isolation feature  
Ethernet port broadcast and multicast storm pressure feature  
All kinds of time signals output feature  
Long time stability feature  
Hold performance feature  
Channel delay compensation feature  
Industrial grade design for harsh environment

PTP: Ethernet <=50ns

### Hardware Features

EMC Level 4  
Operating Temperature: -20°C to 75°C (-4 to 158°F)  
Storage Temperature: -40°C to 85°C (-40 to 185°F)  
Humidity: 5%-95%, non-condensing  
MTBF: 50000hrs  
Power Supply: 85-256VAC/DC, dual redundant power supplies

### Installation

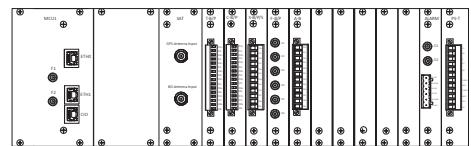

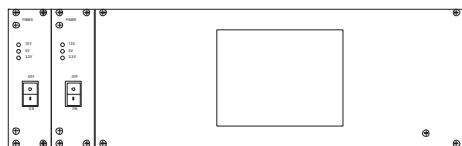

PTS-30	▼ WxHxD: 483 x 135 x 280mm (19 x 5.31 x 11.02inch)
	▼ Weight: 8kg
	▼ Installation: 3U 19" rack mount
PTS-10	▼ WxHxD: 483 x 45 x 280mm (19 x 1.77 x 11.02inch)
	▼ Weight: 4.5kg
	▼ Installation: 1U 19" rack-mount
PTS-10A	▼ W*H*D: 483mm x 45mm x 280mm
	▼ Weight: 4.5kg
	▼ Installation: standard 1U, 19"

### Specifications

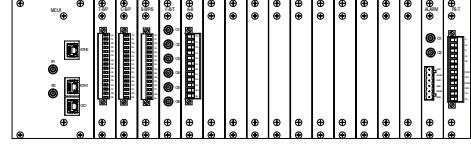

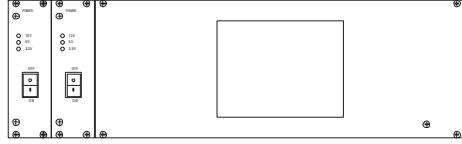

Signal, Interface & Accuracy  
1PPS: Fiber <=60ns, TTL <=60ns, Differential <=0.5us, Contact <=3us  
IRIG-B: Fiber <=60ns, TTL <=60ns, AC(3-12V,3:1-6:1) <=3us, Differential <=0.5us  
Serial Signal: RS 232 <=10us, RS 485 <=10us  
NTP: Ethernet <=50us
